Home accessories — 2015/2016

At Menu we are obsessed with clever solutions for modern living. We want to make beautiful objects for everyday use, whether that's an indispensable item of kitchen equipment, a clever floating shelf or a beautiful vase that adds the finishing touch to your living space.

At Menu, our philosophy is simple. We want to make beautiful objects for everyday use. We want to make the world better, less complicated, a little bit nicer to wake up to. Collaborating with super-talented designers, we make pieces to be treasured now... and forever. Quite simply, we want to make your favourite things. We work with some of the most exciting and driven creative individuals from the worlds of architecture and design to produce high quality design with a crisp Scandinavian look.

Wherever we can, we work locally with craftspeople around the world, preserving skills while creating the best modern design.
